Well, Garth will certainly give you an answer, but it may not be to the question you pose. Dan

Allison, Jerry and Justin:

As you all are aware, I will be out of the office most of next week. It seems unlikely that the Super Salvage inspection is going forward next week (more likely the following week), but just in case it does happen, I want to be sure everyone knows how to get a hold of one another:

1. You can always try to track me down on my cell phone, which is Ex. 6 - Personal Privacy I will be around Monday morning, but completely out of pocket Monday afternoon.
2. Jerry (410-305-2780) and Justin (410-305-3029) can be reached at their office phones. If they are out in the field, they can be reached at Jerry's work cell, which is 443-223-0507, or Justin's work cell, which is 443-223-0508.
3. Allison can be reached at the office at 215-814-2631. Allison, is there another number where the inspectors can reach you if they need to contact you in a hurry—something like an ORC cell phone? If all else fails and you need immediate legal counsel, please try our supervisor, Neil Bigioni, at 215-814-2781. Keep in mind that both Allison and Neil will be at the ORC retreat all day Monday, 5/20.

Thanks and I hope all goes well. Dan
